

PowerBox Charging Lockers

Secure charging of phone, laptops, tablets,
batteries and power tools

Probe

PowerBox Charging Lockers

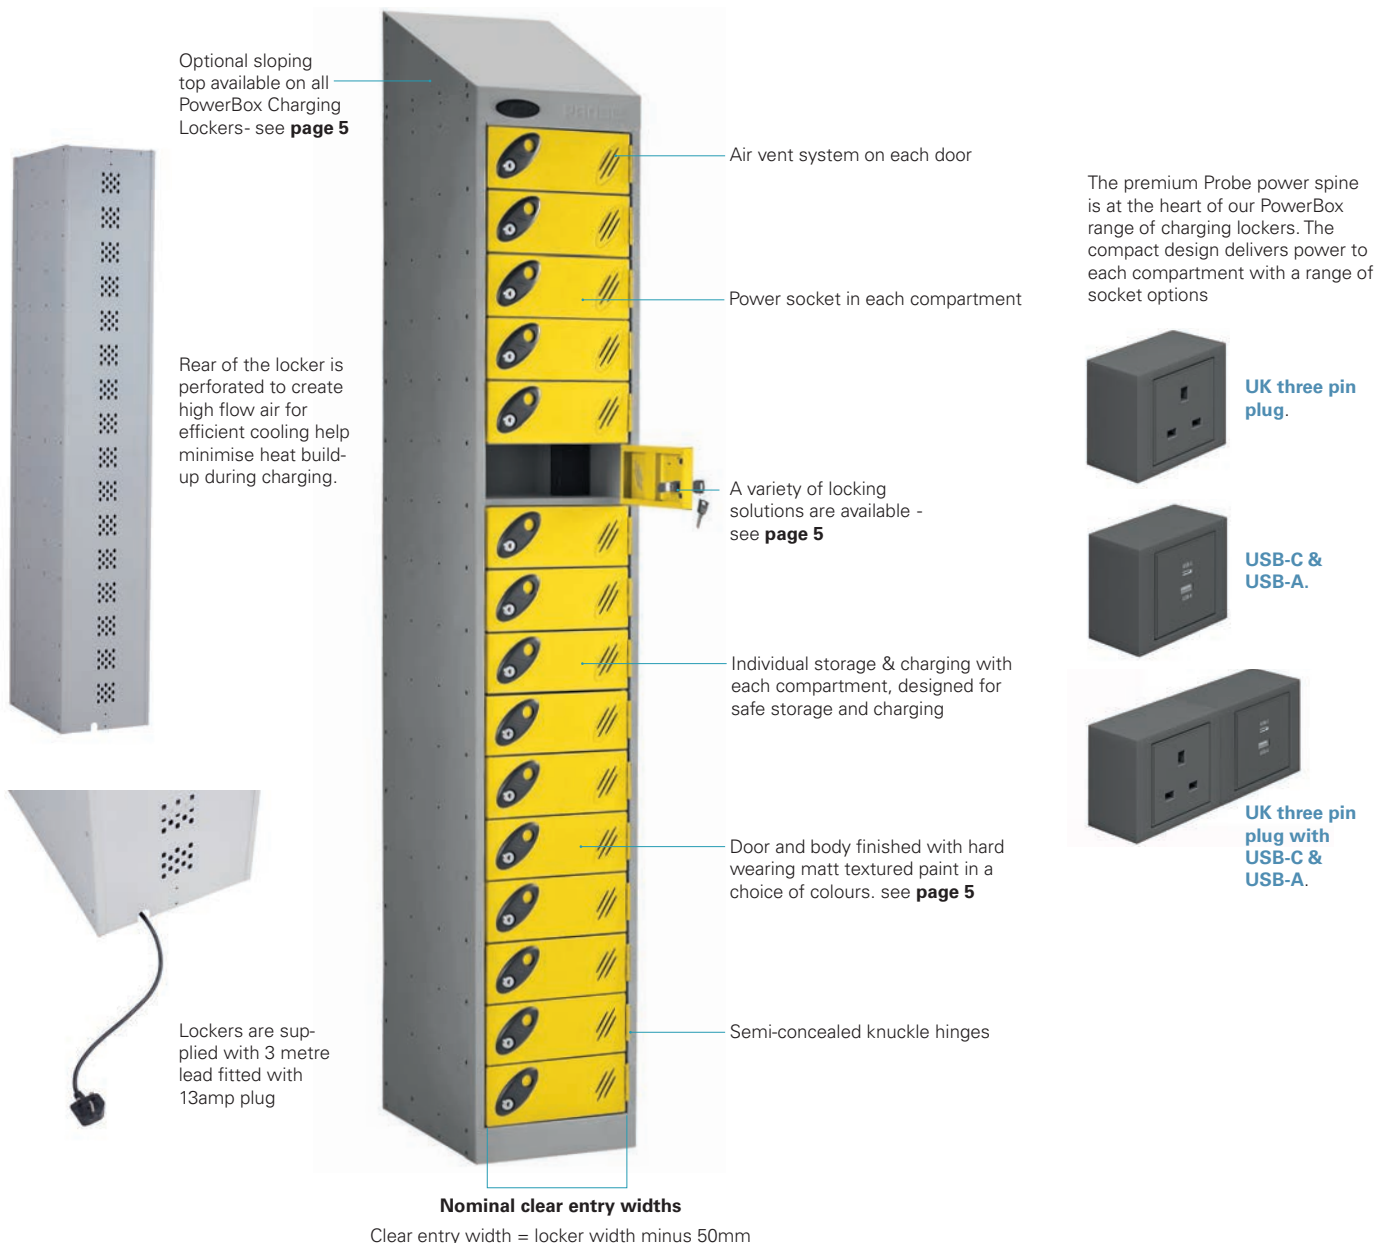

The Probe PowerBox Charging Locker range delivers a reliable solution to the growing need for safe, secure charging of valuable equipment in busy workplaces.

Designed for laptops, tablets, phones, radios, body cams, and other portable devices, these lockers combine robust security with versatile charging options to keep essential tech protected and ready to use.

PowerBox Charging Lockers eliminate the hazards of trailing cables and the risk of theft at open power points. Simply position* the fully portable unit in a convenient spot, plug it into a standard power outlet, and it's ready to go—no complex installation required.

Ideal for universities, schools, warehouses, offices, hospitals, and other high-traffic environments, they offer peace of mind wherever devices need to be stored and charged.

Manufactured to the highest standards with a UKCA / CE certified spine, Probe PowerBox Charging Lockers meet all relevant UK and European safety and performance regulations—so you can charge with complete confidence.

ACTIVECOAT

All painted components are protected with a powder coating which incorporates ActiveCoat anti-bacterial technology.

Important note regarding PowerBox Charging Locker installations

*Single lockers should be fixed back to a wall mounted on battens. Lockers are supplied with mounting brackets to keep lockers a fixed distance off the wall.

Charging for Personal Electronic Devices

Width mm	Depth mm
300	300
300	450
380	450
450	450

* Height rises with sloping top - see page 5

8 compartment

Designed for heavy-duty workplace needs, these PowerBox Charging Lockers provide safe, secure storage and charging for bulkier tools and specialist equipment. Ideal for environments where performance, durability, and safety are essential.

Suitable for secure charging of batteries, power tools, body cams, bar scanners, and emergency services equipment

- UKCA / CE certified spine meets UK safety requirements
- 2 off sockets per compartment in 4-door locker, 1 off per compartment in 8 door locker
- Strengthened solid doors with ventilation and rubber buffers for noise reduction
- Pre-drilled for easy nesting with additional lockers. Nesting bolts available separately

Four door lockers are supplied with 2 sockets per compartment

All lockers available as non-charging storage lockers without rear vents

Highly durable textured paint finish in a wide range of door and body colours- see page 5

Door air vents help create air flow through the locker helping to minimise heat build-up during charging

A choice of 3 lock types and the option to add disc numbering- see page 5

Lock options, accessories and colours

Lock options

Type A – Probe cam lock

The standard cam lock lock has a micro sprung 10 disc lock featuring a massive 2000 serial combinations- all exclusive to Whittan. Two keys are included with each standard lock.

Type B – Hasp & staple

Attractive design allowing easy use of padlock. Transfers responsibility for locking to the user. The user requires a padlock (not supplied) with a shackle diameter of 7mm.

Type P – User re-programmable combination lock

An effective 4 digit code combination lock with 10,000 possible combinations, making losing keys a thing of the past. Suitable for multi user applications. Master override key sold separately. Not available on 16 door locker.

Accessories

Sloping top height	
Locker depth	Additional height
300	125
380	158
450	187

Sloping tops prevent items and litter being left on locker tops and makes cleaning easier. Sloping Tops have a 22° upward slope from front to back which will add height to your locker. This varies according to the locker depth.

Locker stands provide maximum floor access raising lockers 150mm off the floor.

Units are 400mm high and come complete with adjustable feet.

Plastic number plates with white backgrounds and black lettering with up to 4 digits. Fits into plastic holder plate on locker door.

Nesting bolts can be purchased to create a sleek run of lockers. Supplied in packs of 25.

Colour Options

ActiveCoat antimicrobial technology is incorporated into all our lockers at the time of manufacture, offering constant protection against a wide range of bacteria.

Body colour range

Choice of 3 body colours.

Standard door colour range

Choice of 7 door colours.

Autumn door colour range

Choice of 5 door colours.

Please note that due to printing restrictions colours represented may differ from original product. We recommend you request a colour swatch before ordering.
